EVERY CLEAN

Seven steps

1. **Open the app, enter your code**
   You see only your own cleans for today. Forgot it? Tap **Forgot your code?**
2. **Tap the property**
   The card at the top shows the entry codes, address, guests booked, back to back, the 3pm finish, any PHH notes, and when guests have told us they've left.
3. **When you arrive**
   Photo of the guest keys in the lockbox. Check beds and towels before you strip them: more guests than booked? Tap Yes and take a photo.
4. **Tick each section, take its photos**
   Every bedroom and bathroom too. No oven, microwave or patio? Tap Not at this property. Prefer photos at the end? Use All photos on one screen.
5. **Anything else?**
   Extra photos, BBQ or house gas needed, a note for the office or for the next clean. Log anything broken as a maintenance issue with a photo.
6. **Consumables: Yes or No**
   Yes opens the order form.
7. **Tap Complete clean by 3pm**
   Before you mark the clean complete in HomHero.

Entry codes and address

Shown at the top of each of your cleans, from the day before. Tap the address for directions. More notes: **More notes in HomHero**.

Good to know

- **No photos, no payment.**
- Take photos on the day. Older than 12 hours gets flagged.
- Weak signal is fine. Photos save on your phone and send when you're back online. Property Wi-Fi is faster.
- Use N/A only when an item really does not apply.

Guests have left

When guests message us to say they've checked out, you'll see "Guests left" on the clean, and a ping from Professional Holiday Homes if notifications are on.

Top right. A clean you have started stays saved on your phone for next time.
